To promote consistency and full disclosure during the prosecution of the above-referenced application together with the prosecution of any Related applications and to assist the Examiner in complying with the obligations of MPEP 2001.06(b), the Examiner is respectfully requested to review the prosecution history of each Related

application. This request for review should be considered ongoing throughout the prosecution of the above-referenced application with an updated review via PAIR/PALM of the prosecution histories of any Related application being made prior to issuance of any Notice of Allowance for the above-referenced application.

The identification of any of the Related applications for purposes of this Information Disclosure Statement should not to be construed as a waiver of secrecy, if applicable, as to such applications now or upon issuance of the above-referenced application as a patent. For purposes of the Related applications, it should be noted that all of the Related applications are published or otherwise publicly available on PAIR.
